

Olympic Style Archery Seminar

Do you desire a high level of performance and consistency? Are you coaching a young archer who has the potential to make the Jr. USAT Team? Are you a coach or archer looking to make shooting easier?

Who: Coaches and intermediate archers (ages 16 and up) striving to reach that next level.

What does the seminar offer?

You will have the opportunity to learn the methods of top level archers throughout the world.

- ✓ Perfect technique and form.
- ✓ Biomechanics of shooting.
- ✓ Mental approach.
- ✓ Training methods.
- ✓ Equipment setup.
- ✓ New equipment information.
- ✓ Tuning and fine-tuning procedures.
- ✓ Problem solving.

Hands on training will also be given in proper equipment setup, fine tuning methods, and correct bone alignment so that you can use this information to teach others.

(Note: this seminar will be different from the last in that there will be no shooting portion, there will be more hands on learning, and there is newer information.)

Why Attend? I am the number 2 ranked archer on the **US Archery Team**, and although I did not make the Olympic Team, I have made the past 2 World Teams, the last World Indoor Team, Silver and Gold Medals at the Pan Am Games, Top 3 finishes at the last 2 Outdoor Nationals, 3rd at the NAA Indoor Nationals, and I am the **2000 World University Champion** and **2002 World University Bronze Medalist**. It should also be noted that an archer, **John Magera**, in my last seminar made the **U.S. Olympic Team!**
